

Short Term Independent Advocacy

To provide an independent accessible free advocacy service for people with learning disabilities, high functioning autism, aspergers, or mental health conditions.

Our advocates will enable those who are vulnerable or need help to make informed decisions and secure the rights and services they are entitled to. Advocates will work in partnership with the people they support and take their side.

Criteria:

Be aged 18+

Person must live in the Swindon area

And has one or more of the following:

Does not have any appropriate support, e.g. paid staff, conflict with family

No choice and control in their life

Not accessing the community

A threat to their health and well-being

Advocates can signpost people who do not meet the criteria by referring them for an assessment or diagnosis assessment, or to other services and or organisations.

If the person meets the above criteria we will offer a short – term, one off involvement, dealing with a specific issue in a person's life and does not involve a long term commitment. Advocacy relationships focus on resolving specific issues, will be time limited and come to an end when targets are met.

We anticipate that there will be a high demand for this service. We may not have capacity to meet all need. We will prioritise those in crisis, those whose independence is threatened, or people facing significant change in their lives.
