

Independent Community Mental Health Advocacy

To provide an independent accessible free advocacy service for people with mental health conditions. Making a transition from inpatient mental health services to living independently in the community.

Our advocates will enable those who are vulnerable or need help to make informed decisions and secure the rights and services they are entitled to. Advocates will work in partnership with the people they support and take their side.

Criteria:

Be aged 18+

Person must live in the Swindon area

Making a transition from inpatient mental health services to living independently in the community.

Moving on from or a reduction in Community Mental Health support

If the person meets the above criteria we will offer:

An independent advocate to work with people giving consistent support as they plan for their discharge and to make a smooth transition from inpatient mental health services to settle into life in the community.

Remain working with individuals in their first six months living in the community as they experience a reduction in Community Mental Health Support.

Enable individuals to develop self-esteem and confidence as they feel empowered and in control of their own lives.

Enable individuals to reduce loneliness and isolation as they settle into the community and increase their health and well-being.

Outcomes:

Fully understand what the process is as they are discharged.

Participate fully in their discharge planning and ensure they are treated with dignity and respect.

Develop awareness of options and opportunities so that they can work with their circle of support of professionals, family or friends to make choices for a plan that works for them.

Have a say as their medication is being reviewed so that it suits their needs and they feel more in control of their own mental health.

Move to the least restrictive care at the earliest possible time.

Increase confidence and self-esteem as a result of being able to have a voice to co-produce discharge plan.

On returning to independent living in the community:

Communicate clearly and effectively with their Care Coordinator to ensure that they have timely meetings, medication is working and that strategies are in place to prevent or appropriately meet any potential problems.

Return to or find paid or unpaid work by enabling them to communicate appropriately and effectively to employers or potential employers.

Get housing support they need to maintain tenancy such as understanding tenancy and communicating with landlord, getting resources for household items or dealing with difficult or abusive neighbours.

Reduce feelings of loneliness and isolation in the community by signposting and, when needed, going on initial visits with individuals to social events and/or health and well-being activities in the community.

Get the right help and support in the community to deal with any problems such as debt issues over benefits.

Identify any problems at an early stage to put preventative measures in place.

Request a review of their Care Plan if needed and enable communication with Mental Health Community team so that timely support and strategies are put in place to prevent relapse.

Enable the person to know what their rights are.

Enable the person to challenge decisions.

Enable the person to make a complaint.

Advocacy

Advocacy is taking action to help people say what they want, secure their rights, represent their interest and obtain services they need.

Advocates are instructed or directed by the person at all times. Advocates don't do things or talk to people without their partners consent and they don't withhold information that other have shared.

Please see criteria to access this service. Please detail the specific issue where there is an advocacy need. We will remain involved up to 6 months whilst individuals live in the community as they experience a reduction in Community Mental Health support.

Examples of Advocacy outcomes:
Fully understand what the process is as they are discharged, participate fully in discharge planning
Consider options/made a decision so that they can work with their circle of support to make choices for a plan that works for them
Have a voice in their medication and treatment reviews to that it suits their needs and they feel more in control of their own mental health
Increase confidence and self-esteem
Challenge a decision or make a complaint
Move to the least restrictive care at the earliest possible time.

Risk Assessment:
This section needs to be completed in order for us to provide a service to the client.
